Memories Plus – Honoring Our Veterans

When a retired New York City firefighter visited the Kings Point Glass Arts Studio, he noticed that the 9/11 glass mosaic at the base of the flagpole was chipped and cracked. The Glass Arts Board generously donated glass materials, and Bob Yoder designed a new stained-glass piece, similar to the original, and set it in the cement. The firefighter later expressed his appreciation for the beautiful restoration.

As I spoke with others who had experienced September 11, 2001, I was reminded of how deeply personal those memories remain. Some shared their stories, while others found the emotions too difficult to revisit. Their experiences touched my heart and reminded me of the importance of honoring those who served, sacrificed, and continue to carry those memories.

This Veterans Day, I invite you to reflect on your own memories. Where were you when you learned of the attacks on the Twin Towers? What do you remember about the day President Kennedy was assassinated? How did your family recognize Veterans Day when you were growing up?

I remember my father proudly wearing his WWII uniform and marching in our local parade. What memories are you keeping alive for your family and future generations?

— Jean DeWitt
